

**Important Information for Communications Service Providers re:  
State Authorized Surcharges, Public Interest Funds,  
and 3-Digit Dialing Code Administrators**

When a communications service provider begins providing service in Indiana, they are required to get a Certificate of Territorial Authority (CTA). The CTA Order provides guidance on applicable Indiana surcharges or fund contributions. In addition, certain types of communications providers must ensure their network has the proper translations for public interest 3-digit dialing codes and coordinate with the designated administrator of the 3-digit dialing code. Each 3-digit dialing code has its own regulations that determine the types of communications service providers affected and if surcharges or contributions apply:

- A. Indiana Universal Service Fund. The surcharge is currently 1.09 percent of net intrastate retail telecommunications revenue. Companies can concur in the [IURC T-7 tariff](#). Revenue reporting is due to Solix the 1<sup>st</sup> of each month for data from 2 months prior. Revenue must be reported even if it's \$0.00. Contact:
- Michael Tamburino, Manager, State Program Management  
Solix, Inc  
30 Lanidex Plaza West  
Parsippany, NJ 07054  
T: 973.581.5017  
Email: [Michael.Tamburino@solix.com](mailto:Michael.Tamburino@solix.com)  
[www.solixinc.com](http://www.solixinc.com)
- B. Indiana Telephone Relay Access Corporation. Current surcharge is \$0.03 per line or handset/month (Cause No. 39880-INTRAC5 Nov. 5, 2004 Order). Companies can concur in the [IURC T-7 tariff](#). See also Indiana Code chapter 8-1-2.8. Contact:
- Ginny Barr, Executive Director  
InTRAC/Relay Indiana  
7702 Woodland Drive #130  
Indianapolis, IN 46278  
T: 317-334-1413  
Email: [ginny.barr@relayindiana.com](mailto:ginny.barr@relayindiana.com)  
[www.relayindiana.com](http://www.relayindiana.com)
- C. 911 and Wireless 911. Specific rules are found in Indiana Code chapters 36-8-16.6 and 36-8-16.7, which require a surcharge and coordination from most types of communications service providers. Contact:
- Edward Reuter, Executive Director  
Statewide 911 Board  
10 West Market Street, Suite 2950  
Indianapolis, IN 46204  
T: 317-234-2507  
Email: [ereuter@in911.net](mailto:ereuter@in911.net)

- D. Public Utility Fee Billing. Not required to pass this through to customer. Paid annually based on percentage of gross intrastate revenues. A fee billing report is issued in the spring and due May 1. See also Indiana Code chapter 8-1-6. Contact:

Mary Becerra, Business Manager  
Indiana Utility Regulatory Commission  
101 West Street, Suite 1500 E  
Indianapolis, IN 46204  
T: 317-233-8720  
Email: [mbecerra@urc.in.gov](mailto:mbecerra@urc.in.gov)

- E. Indiana 811 Call Before You Dig. Communications service providers that own, maintain, or otherwise control underground facilities, are required to maintain contact with, and provide appropriate notice to, the Indiana Underground Plant Protection Service, the designated administrator of the 811 dialing code in Indiana, and comply with Indiana Code chapter 8-1-26. Contact:

Dan Meiners, Executive Director  
Indiana 811  
P.O. Box 219  
Greenwood, IN 46142  
T: 317-893-1400

- F. Indiana 211 Partnership. There is no 211 surcharge; however, certain types of communications service providers are required to coordinate proper switch translations for the 211 dialing code described in Indiana Code chapter 8-1-19.5 to ensure that its customers can call the 211 center when desired. Contact:

Julie Johns-Cole, State Director  
Indiana 211 Partnership, Inc.  
P.O. Box 68522  
Indianapolis, IN 46268
